Maintaining Steadfast, Attentive Love and Care in 2021

As it stretched into its second year, the COVID-19 pandemic loosened its deadly grip on the United States in 2021. Concurrently, the urgent need for personal protective equipment (PPE) among frontline healthcare workers, first-responders, and vulnerable populations eased. Thus, Tzu Chi's pandemic response in 2021 focused on enhancing awareness, education, and assisting the public vaccination effort.

However, since the pandemic's impact on families' economic security persisted, our volunteers did their utmost to meet the needs of struggling households through charity aid programs across the nation. Our food distributions in 2021, conducted respecting pandemic safety guidelines, benefited 224,174 individuals. Another 7,470 individuals received hot meals through 206 distributions.

Winter assistance additionally provided $30,500 in cash cards, eco blankets, and more, helping 3,369 families. In 2021, $335,219 was also distributed to individual charity care recipients, benefiting 12,124 individuals. Through our Happy Campus program, 38,199 underprivileged students received food packs, school supplies, or tutoring. And our scholarship and bursary programs granted $232,500.

When disasters struck, we were there to help those impacted, providing $1,239,500 in financial aid in the United States. Since the devastating 2010 earthquake in Haiti, Tzu Chi is also continuously providing long-term earthquake relief and charity care, and we distributed rice and other supplies to 296,400 Haitians in 2021. We also launched a vocational training initiative for impoverished single mothers, enhancing their financial security.

Our medical mission helped guard health nationwide in 2021 through Tzu Chi USA's ten mobile clinics, which provided a combined 10,260 medical, dental, vision, acupuncture, chiropractic, and COVID-19 vaccinations services. Participating in 17 outreach events also collectively offered 1,354 services. Concurrently, visits to senior homes and centers for individuals with physical and mental disabilities brought care to 64,349 individuals.

Tzu Chi USA's preschools, elementary school, and weekend academies delivered quality education in a nurturing environment. Our character education program touched students in public schools, while our continuing education classes benefited members of local communities. And we continued to promote vegetarianism through our Very Veggie Movement (VVM) out of compassion for all living beings and care for the environment and public health. Thanks to this advocacy, over 56 organizations or restaurants became VVM partners in 2021.

Finally, the Tzu Chi Global Affairs Team contributed to 16 UN-related and other events in 2021, including the United Nations Climate Change Conference in Glasgow (COP26). The team introduced Buddhist values and Tzu Chi's holistic approach to humanitarian aid, enriching dialogue on today's most critical global issues and placing compassion and service to benefit others at the forefront.

We sincerely thank all those who supported or partnered with Tzu Chi USA in 2021. May we continue to work together to relieve suffering and assist those in need with dedication, respect, loving-kindness, and genuine care.

Sincerely yours,

Debra Boudreaux

Chief Executive Officer
Tzu Chi USA

The Buddhist Tzu Chi Foundation is a volunteer-based international non-governmental organization established by Dharma Master Cheng Yen in Hualien, Taiwan, in 1966. From 30 housewives saving 50 NT cents (approx. US 2 cents) from their grocery budget per day to help those in need, Tzu Chi's footprints of humanitarian aid have now reached 127 countries and regions. The foundation provides community and social services, national and international disaster relief, medical and charitable assistance, education, environmental protection, and a bone marrow donor registry while promoting humanistic values and community volunteerism.

Tzu Chi USA, the Foundation's first chapter outside Taiwan, was established in Alhambra, CA, in 1989. Stephen Huang, an American businessman, had visited Master Cheng Yen in Hualien, and meeting this gentle nun, who created a powerful organization and realized seemingly impossible dreams, all for the benefit of others, changed his life. He became a disciple and vowed to bring the spirit and mission of Tzu Chi to the United States. Today, Tzu Chi USA has 65 offices and facilities nationwide, with volunteers and donors striving to make a difference in their communities, serving others unconditionally, and sowing seeds of love and kindness in the Americas.

Tzu Chi USA helps families in need in the United States annually, our charitable services encompassing short, mid, and long-term support. The assistance provided includes aid for individual charity cases; the provision of hot meals; winter care distributions; scholarships; Happy Campus programs for underprivileged students and their families; mobile and permanent food pantries; and free tax filing services for qualifying families. Among them, some families have been cared for continuously for more than a decade.

FOOD DISTRIBUTION

One in eight people struggles with hunger in the United States due to poverty or unexpected situations that can force families to suddenly choose between buying food or paying bills. We partnered with food banks and school districts to offer food pantry services nationwide, focusing on underprivileged and underserved communities, families, and groups, thus helping those suffering due to poverty, hunger, or homelessness.

Our programs in 2021 helped families in need across America, benefiting over 67,000 households.

DISASTER RELIEF

Natural disasters leave death and destruction in their wake. However, Tzu Chi volunteers follow quickly behind, bringing compassionate care to those impacted by providing cash cards, eco-blankets, and daily necessities to help survivors through the initial period of grief and uncertainty. In 2021, Tzu Chi brought relief and urgent assistance to survivors of natural and man-made disasters, including fires, floods, and earthquakes, by providing **$1,239,500** in aid, benefiting **2,142** families, comprising **5,687** individuals.

However, that's only the beginning. Tzu Chi volunteers know that what survivors need most is someone to accompany them on the long road to full recovery. With that in mind, Tzu Chi USA launched the Community Outreach Recovery Education Program (CORE) in Texas — a long-term recovery plan that continues to ensure sustainability for those impacted by Hurricane Harvey in 2017. At the same time, we are continuing long-term relief efforts for survivors of the 2018 Camp Fire in California.

INSPIRATION FOR INMATES

The wise words of Tzu Chi's founder, Dharma Master Cheng Yen, especially as collected in *Jing Si Aphorisms*,* have long provided inspiration and guidance to countless people around the world. As prison and jail inmates are in especially great need of companionship and encouragement, volunteers expanded Tzu Chi's inmate support programs to begin a nationwide book donation and pen pal program in late 2013.

As of the end of 2021, 815 inmates have written to Tzu Chi volunteers from 39 states. Some inmates have also joined the cycle of giving and receiving, contributing toward Tzu Chi's missions by donating funds or stamps.

Dharma Master Cheng Yen's "Jing Si Aphorisms" are succinct observations that contain the essence of the Buddha's teachings and guidance in a form that's easy to absorb and apply in daily life. The ageless truths in the aphorisms are universal and transcend cultural and religious boundaries. Tzu Chi volunteers spread Master Cheng Yen's words of wisdom, making publications of Jing Si Aphorisms available in a variety of settings

VERY VEGGIE MOVEMENT

The Very Veggie Movement, an initiative of Tzu Chi USA, upholds the teachings of our founder, the venerable Dharma Master Cheng Yen, who guides us to live in harmony with the Earth. One of the ways we do so is by adopting a mindful, vegetarian diet, thus showing sincere love and reverence for Mother Earth and all who share this magnificent planet with us.

THE CHOICE IS YOURS

In 2021, **56** organizations or restaurants across the country have joined our Very Veggie Partners initiative.

The Very Veggie Movement aims to unite society around the cause of animal rights, environmental protection, and public health. We believe that if together we can transition to a vegetarian or vegan lifestyle, we can:

- save millions of animals every year
- reduce the environmental impact of animal farming
- minimize the outbreak of another animal-borne disease*

  ... and so much more!

The origin of COVID-19 is believed to be connected to an open-air wet market, where live animals are killed and sold for food

IMPACT

The Very Veggie Movement is meant for everyone of every age, ethnicity, sex, gender identity, religion and spiritual practice everywhere. In fact, it's already happening around the world in cities big and small.

See our map for where people are joining!

1,243,690 vegetarian meals
